

ALFA BAGNO

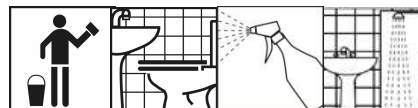

SPECIAL PRODUCTS

MULTIPURPOSE DETERGENT FOR SANITARY FITTINGS

FEATURES AND USE

Alfa-Bagno is a daily use multipurpose cleaner for sanitary fittings and all bathroom washable surfaces. Thanks to a special polymer and when used with its specific foaming sprayer, it avoids product residues, it leaves a protective film resistant to water and dirt and which prevents soap stains and calcareous residues. It removes halos and grease and is suitable also for mirrors, wall tiles, ceramic, glasses and plastic-covered surfaces. Thanks to its light alkaline pH (no chlorine and acid presence in his formula) it is suitable on chromed taps. Leaves a pleasant and persistent flower-wood scent.

METHOD OF USE

Spray ALFA-BAGNO directly on the surface to be cleaned and dry it with a cloth or paper. Rinse-free.
