

# SANITIZERS

## BLU

### SANITIZING SCENTED DETERGENT QUATERNARY AMMONIUM SALTS-BASED

#### FEATURES AND USE DISINFECTANTS

BLU is active on vegetative forms of pathogenic and saprophytic germs as well as mould, algae and fungi. It is indicated in all cases where there is risk of microbial contamination or infection as in public places, hospitals, rest homes, canteens and nurseries. It is also suitable as a sanitizer for floors and all washable surfaces. Mint ammonium pine scent.

#### METHOD OF USE

BLU can be used as floors sanitizer-detergent either manually or with scrubber-drier machine. The surface needs rinse.

BLU can be used as sanitizing detergent for sanitary furnishing, furniture and washable walls. Spry the solution on a wet cloth and pass it on the surface to be cleaned, then rinse.
