

DRY CLEAN SPRAY

AEROSOL

STAINLESS-STEEL CLEANER

FEATURES AND USE

DRY CLEAN Spray makes stainless-steel surfaces clean, shiny and streak free. In case of stubborn dirt, first treat the surface with RAPID or ROBOR.

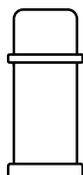

It is ideal for a swift cleaning of worktops, dishwashing machines, kitchen sinks, lifts and all stainless-steel surfaces.

METHOD OF USE

Shake the can and spray the product on the surface to be cleaned. The surface has to be dry. Wipe with a cloth or paper.

PACK SIZE

Spray can 400ml
