FEATURES AND USE

GESAN INODORE is an odourless detergent for floors, washable surfaces, tiles etc... Its active ingredient are quaternary ammonium salts. Facilities: suitable for use in hospitals, hotels, houses, restaurants, public and religious places etc. Suitable for: bathrooms, toilets, equipment, furniture, laundry, swimming pools, etc. Food industry: preserves, confectionery, dairy, meat processing, wine making, etc. Cattle industry: areas and equipment in all types of breeding farms. Transport vehicles: railway carriages, cars, refrigerating trailers, coaches, etc.

SUITABLE FOR HACCP

METHOD OF USE and DILUTION

Daily use: dilute 1% (1,000g in 100L water). If necessary increase dosage up to 5% (5,000g in 100L water). Apply the diluted product using a pump/sprayer or mixed in a water solution.

Usage instructions: This product has to be used only by trained staff. Dispose of container properly after use. The product is not to be used for purposes other than those specified.

Cattle industry: do not use for treating animals. Before treating areas/equipment move cattle away. Rinse all treated equipment with plenty of drinking water.

Food industry: absolutely avoid any contact between the product and foodstuff. After using the product, rinse carefully with plenty of drinking water in order to eliminate all residues.

ATTENTION: Do not contaminate food, animal feed, beverages or their containers. Do not use undiluted: follow dilution instructions. Do not mix with other detergents.

PACK SIZE

Art. code: SAN10

TECHNICAL DATA

Physical state: liquid

Colour: colourless

Odour: odourless

pH: 9,00 +/- 0,5

Density: 0,990 +/- 0,025 Kg/L

COMPOSITION

See safety data sheet. Ingredients compliant with CE Reg. 648/2004

CAUTIONS

See safety data sheet.
