

MOKY FOAM

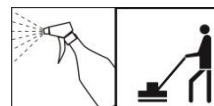

SPECIAL PRODUCTS

NEUTRAL SHAMPOO FOR MOQUETTES AND CARPETS

FEATURES AND USE

Foaming neutral detergent shampoo for deep cleaning of moquette, carpets and upholstery in general. MOKY FOAM is a product to be used with single-brush fitted with carpet brush or a shampooing machine. It contains resins that delay re-soiling and protect fibers.

METHOD OF USE

MOKY FOAM can be used with single brush or foaming machine. Dilute the product and wet the surface uniformly, covering it with a fine layer of foam. Run the machine and brush the surface when it is still wet. Let it dry completely. MOKY FOAM creates a dry crystalline residue on the treated surface that can be easily removed using a vacuum cleaner. Do not soak the carpet/moquette. Do not leave the machine switched off and with the wet brush on the moquette. Do not walk on the moquette/carpet until it has dried up completely.

DILUTION

3%-5% (300 – 500g in 10L water)

PACK SIZE

4pcs/cart

Art. code: MF5

TECHNICAL DATA

Physical state: liquid

Colour: milk white

Odour: flower

pH: 8,80 +/- 0,50

Density: 1,010 +/- 0,025 Kg/L

COMPOSITION

See safety data sheet. Ingredients compliant with CE Reg. 648/2004

CAUTIONS

See safety data sheet.
